

# Explore the new and exciting topics to come in the world of Creative Labs!

Session Name	Bridging HCE Knowledge into Practice	Session Highlights
HCE Recharge	Supercharge your HCE know-how with a comprehensive recap, ensuring you kickstart your practice with an expert foundation and your burning HCE questions find answers.	An in-depth review and deeper exploration of Healing-Centered Engagement and the CARMA principles, followed by an engaging Q&A session to deepen your knowledge and address any challenges encountered since your certification.
Creative Labs Unveiled	Dive into how the Creative Labs program flows, and gain exclusive insights into the secret sauce we use to infuse Healing-Centered Engagement practices into transformative programming.	Practical onboarding to how Creative Labs live sessions and support will flow throughout the year, allowing you to forge connections with fellow participants; and an optional 1-hour post-session co-working session to make progress on or complete your HCE certification.
Calibrating Our Culture Compass	Expand your understanding of culture and identity, not just in how it shapes your perspective, but how it guides your approach to problem-solving.	Engaging discussions that explore the impact of your individual identity and culture on your approach to HCE problems of practice, and tools for awareness-building and development to tackle healing-centered challenges with greater effectiveness.
Mapping HCE in the Youth Service Wilderness	Become a master at recognizing HCE's role in complex landscapes where multiple coexisting and competing youth support frameworks are employed.	Immersion in learning resources that contextualize HCE within the broader landscape of various youth support frameworks, uncovering the ways HCE complements and elevates other programs, and how HCE can offer a safer and more effective alternative to harmful approaches.
Family Foundations & Revisiting Transformative Bonds	Dive into the profound impact of family relationships on our identities and worldviews, forming meaningful reflections to supercharge your ability to create transformative relationships with young people and their families.	Activities that explore the profound influence of family relationships on who we are, alongside opportunities to cultivate meaningful connections with fellow participants, and techniques to foster more impactful relationships with young people and their families.
Purpose Power-Up - Crafting Your HCE Blueprint	Build upon the three I's framework (individual, interpersonal, and institutional) to laser-focus your intentions for community transformation and uncover what your unique role is in steering change.	Re-examination of the three I's framework to pinpoint crystal-clear intentions for community transformation and guidance in determining clear next steps for initiating change-making.
Fresh Flow: Expanding Our Healing Horizons	Expand your toolbox with new practices from the experts in the healing world, incorporating them into your daily life and generously sharing them with your community.	The opportunity to connect with an expert practitioner and embark on an exploration of new healing modalities such as sound healing, nutrition, movement, and play.
